Subject: McKinney Vento Sub-Grant Application and Funds Use

Federal funding is available to help serve students who are homeless through the State Education Department's Homeless Education Program in the form of competitive grants to school districts. The program awards competitive, three-year grants to school districts to facilitate the enrollment, attendance, and academic success of homeless children and youth. Grants take into account the number of children and youth who are homeless and enrolled in preschool, elementary school, and secondary schools within the school district. 42 U.S.C. § 11433 (c). (Section 723(d)(1)). As clearly specified in the ESEA, all academic enrichment programs for disadvantaged students, including programs for homeless students, must be aligned with State standards and curricula. Additionally, when offering supplemental instruction, LEAs should focus on providing services for children and youths that reflect scientifically based research as the foundation for programs and strategies to ensure academic success.
- Expedited evaluations of eligible students to measure their strengths and needs. (Section 723(d)(2)). These evaluations should be done promptly in order to avoid a gap in the provision of necessary services to those children and youths.
